

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The Planning Board undertook extensive SEQRA Analysis and, as to matters checked for more thorough review in Part 2, made the determinations based upon the analysis and factors, among others, as noted upon the attached Part 3 SEQRA Analysis. Such findings determined that no moderate or large impacts would or would be likely to occur, and directed the issuance of a Negative Declaration. Such Analysis and the Resolution adopting the SEQRA Negative Declaration shall be deemed a material part of this FEAF.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information
The resolution of the Planning Board lists significant portions of the record and related input and information relied upon in the making of these reviews and determination(s).

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Planning Board of the Village of Trumansburg as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.d).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Name of Action: 46 South Street Site Plan Review

Name of Lead Agency: Planning Board of the Village of Trumansburg

Name of Responsible Officer in Lead Agency: Jessica Giles

Title of Responsible Officer: Chair of the Planning Board

Signature of Responsible Officer in Lead Agency:  Date: October 25, 2018

Signature of Preparer (if different from Responsible Officer)  Date: October 24, 2018

For Further Information:

Contact Person: Village Clerk, Tammy Morse

Address: 56 East Main Street, Trumansburg, New York, 14886

Telephone Number: (607) 387-6501

E-mail: clerk@trumansburg-ny.gov

For Type 1 Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)

Other involved agencies (if any)

Applicant (if any)
