Committee thanks community members who submitted responses to the recently distributed questionnaire.

Committee plus consultants plan to meet during the daytime with Village staff and Board chairs who are available, at a time to be arranged on Feb. 20, to solicit input to the Comprehensive Plan.

Committee is working on developing an in-depth survey, following up on the recently distributed questionnaire. This will be an online survey, with option to receive and submit a printed version.

The draft first 3 chapters of the revised Comprehensive Plan are now being reviewed by the Committee. It is hoped that a complete draft will be available for public review in late Spring.

A public information meeting is also planned for later this Spring.

Next meeting: Feb. 20, 2020, 6:30-8:00 pm, Village Hall. Guests are welcome.

Respectfully submitted
Kathy Klemperer
