- i. Planning for 2nd public information meeting. This is now tentatively planned for May 26, depending on our state of isolation.
- ii. Discussion of an in-depth survey. This is now in early draft form and will be made public at the 2nd public information meeting. Content is based on the responses to our earlier questionnaire and draws heavily on the 2006 survey.
- iii. Review of new Comprehensive Plan draft chapters. Most of the chapters have been drafted and editorial work continues. A draft for community review will be presented at the 2nd public information meeting.
- iv. Review of draft zoning recommendations. EDR (consultant) has examined our current zoning ordinance and proposed some changes. Committee will now review these early recommendations in preparation for the next phase of the committee's charge – working on the zoning rules. Sub-division rules will also be addressed.

Next meeting: Apr. 16, 2020, 6:30-8:00 pm, Village Hall or at home via Zoom.
Guests are welcome.

Respectfully submitted
